TO THE KAUAI PUBLIC

I wish to present for your careful consideration the most attractive and best money making oil proposition ever offered to the people of Hawaii. This true it is a gamble, but a good one. All investments, no matter where you may place your money, is more or less a gamble. Lake View No. 1 Oil Well came in March 15, 1910. The stock cost 90c per share and sold for \$40.00 per share. To make it plain to you 100 shares cost \$90.00 and sold for \$4000.00, a profit of \$3910.00 on 100 shares. Lake View No. 2 is located only 1 1/4 miles from Lake View No. 1. The Sunset Monarch Oil Company, located between our properties, has just brought in a well which they claim is bigger than Lake View No. 1. Our soil and log formations are identically the same. We are putting down 2 wellson our property Nos. 1 and 2, and expect to bring in gushers equally as large as the Lake View No. 1 or the Sunset Monarch and expect our stock will sell at as high a figure on the market. The gamble in this case is almost a certainty. We are surrounded with gushers which makes our property proven oil territory.

There is as much difference in the size of oil wells as there are in ships. A Japanese sampan in common parlance is a ship, and the Muritania of 50,000 tons is a ship. You cannot expect very large dividends from a sampan, but you can from the Muritania. The profits on oil is a fairy tale. No other business can compare with it. No other business could produce a Rockefeller, who, when a young man, toiled for his living, and now draws an income exceeding all the crowned heads and potentates of Europe. Reflect and consider carefully what you are reading; you have the opportunity right now to buy some stock. My price is 50 cents a share. You can remit me by check or post office order to cover the amount of stock you desire and receive your certificate of stock by return mail, or you can remit one third of the amount to secure the stock and the balance payable in 60 days. Everybody should avail themselves of this opportunity. You owe it to yourself to take a chance and better your condition in life. Our tourists, capitalists, and wealthy men were in your position before they became rich. They took a chance, invested their money and made good. Rockefeller could still be a bookkeeper, but he took a chance and his income is now about a million dollars a day.

You can put 200 men to work building a house if necessary, and hasten its completion, but only six men can be employed to put down a well. It takes time to go down half a mile in the ground through rock and the different formations encountered.

I have sold stock to the ablest lawyers in Honolulu. These men have not paid in their money for stock before making exhaustive en-

quires from their friends in California regarding the personal of the officers title and prospects of success of Lake View No. 2. Judging from the fact that in many instances they have double and tripled their stock leads me to believe that the answers received must have been very satisfactory. Another convincing fact as regards our property is that the Standard Oil Company is laying a pipe line with pumping stations at an expense of hundreds of thousands of dollars within 200 feet of our two wells. Anticipating our gushers coming in soon, these people know what they are doing and are preparing themselves to handle our oil which we expect will be in three or four months.

There is a time in the tides of life which leads to fortune. You have the opportunity now. Are you content to be a clerk and live on a clerk's salary, which, as a rule, cannot afford the luxury of an automobile, or buy some stock in an oil proposition that might make you independent for life? Read this carefully. If you have any doubts or questions you wish explained, write me. Show this to your friends. Talk it over -- it concerns you and them. Some men won't buy a genuine \$5.00 gold piece for \$3.00, afraid they may be stung. These men remain clerks all their lives.

I am a large stock holder in this company and I positively believe that it will make me big money. I bought this stock at the market price, just the same price as other stock holders paid for it. You can write to any bank in Los Angeles and find out the standing of this company. The stock is offered now for 50c per share. There is not very much left and when sold the price will be par value \$1.00 per share. When we strike oil it may jump to \$40.00 per share, same as Lake View No. 1. I don't know any reason why it should not. Read this all over again. Write me and make enquiries about anything you wish to know. If you can't buy 500 shares or more, buy what you can and send me 1-3 cash, 1-3 in 30 days and 1-3 in 60 days for the amount of stock you wish to order. Do it now or you will regret it later on.

J. OSWALD LITTELL.

LIHUE HAS FOUNTAIN AUTO IS OVERTURNED

Another improvement has been added to Lihue's scenery, in the shape of a beautiful marble public watering fountain. It is another gift of the Rev. Hans Isenberg, and represents an outlay of nearly a thousand dollars. It is located across the street from where the Nawiliwili road intersects the main road, and a little below the Lihue store. The water pours into the watering trough (which is made of white marble) through two one-inch pipes, which protrude from the mouth of two immense lion heads, the latter also being marble. These heads and trough rest on two smaller heads, all of which are then partly buried in cement. It stands about six feet high, is about six feet wide, and when full, will probably contain about sixty gallons of water. An approach from both directions is constructed with stone and cement which will prevent mud from accumulating. This beautiful piece of work is the handi-craft of Mr. Scheibert, which is a guarantee the quality of workmanship.

Hon. C. B. Makoe of Hanalei, returned Wednesday from Honolulu where he has been for two weeks doing jury duty.

What might have been a serious accident but for the presence of mind of Willie Ellis who was driving the machine occurred last Wednesday morning. The accident occurred at a point near the brow of the Nawiliwili hill, when in rounding a curve the machine skidded toward the precipice and toppled over. Mr. Ellis remained with his car, and strange to say, escaped uninjured. Windows were smashed and the car slightly damaged. A small shower of rain was falling at the time, which accounts for the machine skidding.

BENO-WELDON SHOW

The Beno and Weldon show people are again with us, having arrived by the last Kinau. The usual satisfied audience's are greeting their reappearance. An additional member has been added to the troupe since its arrival, in the person of Miss Ida Fernandes, a Waimea girl, who has been engaged as pianist. Miss Fernandes is considered one of Kauai's leading musicians and her enrollment with the Benos and Weldon Co., is an acquisition which will guarantee the successful musical part of the otherwise splendid program this troupe of artists put up.

The ONLY PLACE to buy your office supplies and general stationery is at our store, 451 Fort Street. Write us your want and we shall be pleased to look after it for you.

Our Repair Department for Typewriters, Cash Registers and Adding Machines is the most extensive in the Territory. Before buying a typewriter consult us. We handle exclusively the well known Remington Typewriter which is the BEST that money can buy.
